Confirmed with Allison and we liked to set her up on a HP laptop. This would be shipped to her home once completed. Please confirm which tech will be able to work on this one and I'll have Allison send over her password.

Allison's address: 670 Goodhill Rd.,Kentfield, CA 94904

Additionally, we'd like to have an additional spare laptop set up for her (this would remain in our SF office). Can you please let me know how many laptops we'll have available after we set up Kevin & Allison (on the first laptop)?

Hi all – Heard from Allison that she connected with you and that you did not recommend the surface pro due to longevity. We may set her up on one of HP laptops but confirming that piece with her. Will follow up with her credentials if we decide to move forward.

Hi all – Can you send a quote/pricing for the newest model of the Microsoft Surface Pro? We'd like to upgrade Allison's surface pro as her current one is running slow (she would still like to use her old one when she travels).

Thanks, Jeff.
Catherine is working on a new computer to replace the Surface. I'll wipe the Surface as much as I can and use that as a travel computer. The laptop will stay put at my home office.

Hi Allison,

Thank you for the call, remote session and letting me work on the computer while you stepped out. I have updated the firmware to the latest version and completed all the Windows updates.

Let me know if the laptop still feels glitchy or sluggish.

Thanks,
Jeff

Allison Hagey

I restarted and it works. The computer overall has been freezing and glitchy. It's seven years old so may be time to upgrade it.
