- Title: New Laptop Set Up - Jason Sanderson
- Description:

  Hi all – I believe we should have one remaining Thinkpad Carbon X. Could you please set up Jason Sanderson on this laptop? The new machine has all the same applications such as Slack, Adobe, Zoom app, Microsoft suite, Litera Contract Companion, Outlook w/ access to iManage, etc. Can we also ensure his desktop files get transferred over from his old machine. Please also make sure the VPN works on his new machine. Let me know once a tech is assigned to this ticket so we can have Jason pass along his password. Thanks!
